

## AMENDMENTS

### **Listing of Claims**

The following listing of claims replaces all previous listings or version thereof:

1-58. (Canceled)

59. (Currently amended) A method of modulating muscle cell growth in striated muscle cells in a human subject comprising:

- (a) identifying a human subject in need of striated muscle cell growth modulation;
- (b) selecting a small molecule ~~modulator~~ off for its ability to modulate Muscle Selective Calcineurin Interacting Protein (MCIP1) expression; and
- (c) administering said ~~modulator~~ small molecule to said human subject,

whereby administration of said modulator results in modulation of striated muscle cell growth in said human subject.

60. (Canceled)

61. (Currently amended) The method of claim 59, wherein said small molecule ~~modulator~~ is an agonist of muscle cell growth.

62. (Currently amended) The method of claim 59, wherein said small molecule is an antagonist of muscle cell growth.

63-69. (Canceled)

70. (Previously presented) The method of claim 59, further comprising administering to said human subject a second pharmaceutical agent used to treat cardiac disease.

71-101. (Canceled)
